C2IS-2019

Call for papers

3rd International Conference on
Codes, Cryptology and Information Security

April 22 - 24, 2019, Rabat, Morocco. http ://www.c2si-conference.org/

Colocated with One-day Workshop on Side-Channel Analysis, April 21, 2019, Rabat, Morocco

The International Conference on Codes, Cryptology and Information Security (C2SI) is a recognized biennial conference, organized in cooperation with the International Association for Cryptologic Research –IACR, focusing on all aspects of coding theory, cryptology, and information security, attracting cutting-edge results from world-renowned scientists in the area.

All accepted papers and that will be presented at the conference will appear in the conference proceeding, which will be published by Springer in the LNCS series and will be available at the conference. This issue of C2SI-2019 is in Honor of Professor Said EL HAJJI.
